

ADDING FEATURED MERCHANTS and SPECIAL OFFERS to Your Community eGift Card Program

Adding a Featured Merchants and Special Offers section to your gift card page is a great way to incentivize card-holders to redeem their gift cards and buy more. The Featured Merchants and Special Offers section is right above your map of participating businesses and it allows merchants to offer special discounts and deals to customers when redeeming your Community Card. It's easy to set up and you're in complete control over what businesses get this featured spot on your page. You can feature businesses as a member benefit for your organization or you can even rotate featured merchants for Black Owned Businesses Month, Hispanic Heritage Month, Woman Owned Businesses Month, etc.
